Freedom Horse Archers & Buxmont Riding Club Barrel Racers

Experience the thrill of the ancient art of horseback archery. Witness riders atop their fiery mounts navigate around the ring while loosing arrows and hitting their mark. Watch as riders transform the ancient warfare skill into modern day sport. Cheer them on as they attempt special skills all while riding with no hands while reloading and shooting. Who will hit the mark? Will your favorite horse and rider get a bullseye?

After they have your hearts pumping, watch riders and horses as they navigate the famous rodeo favorite of the clover leaf barrel race. Cheer on the riders, pick your favorite pair and see which horse and rider are the fastest. It's all about the turn and burn.

Stop by after the performance to meet and greet the horses and riders and ask questions!

List as of 4/22/25 and is subject to change.
